Who we are – The Ninety-Nines is an international organization of women pilots that was founded in 1929. We are dedicated to promoting aviation education and careers for women pilots. We believe that by empowering women to fly, we can help open up new opportunities and pave the way for future generations of female aviators.

Thousands of women around the globe are part of this legacy and community that is The Ninety-Nines. When these incredible female pilots first gathered at a Curtiss Field hangar on Long Island, they had a clear vision of what flying meant to them and wanted to promote more women taking to the sky. Thus, they founded our organization to remain united, make their ambitions fly, and inspire each other to become even better pilots. By joining forces, they went on to achieve remarkable accomplishments in aviation.
